

Dennis used RNA profiling to identify novel blackleg resistance genes in canola

What will you discover?

“The most astonishing part of my research was where I was able to put everything together and make a comprehensive model on the genetic interactions between these genes at the molecular level.”

DENNIS DREWNIK
REGIONAL WINNER, MANITOBA
3RD PLACE NATIONAL WINNER

The SBC competition isn't like other science competitions: it allows you to design and propose your own biotechnology research project and work with real scientists in real labs to see it through. Plus, the SBC competition gives you the chance to win cash prizes, scholarships, and more!

Don't wait! Apply today!
