CANADA

Miranda researched suicide gene systems as safeguards for cell-based therapies.

What will you discover?

"I did my first science fair project in grade 5, and I really liked the idea of learning more about all these unanswered questions by asking your own questions, and conducting your own study."

MIRANDA LI
REGIONAL WINNER, GTA

The SBC competition isn't like other science competitions: it allows you to design and propose your own biotechnology research project and work with real scientists in real labs to see it through. Plus, the SBC competition gives you the chance to win cash prizes, scholarships, and more!

Don't wait! Apply today!
